FABRIC WATERPROOFER

For complete product usage instructions and safety warnings in Spanish, go to www.crcindustries.com. Para obtener las instrucciones completas de uso y advertencias de seguridad del producto en Español, visite www.crcindustries.com.

Marykate Fabric Waterproofer restores the water repellency of cotton or synthetic fabrics. It can be used on flame resistant fabrics without affecting the flame resistant properties. Suitable for use on all colors, however it may impart a slightly darker, richer tone to some lighter color fabrics. Safe for use on leather.

WARNING: Contains water (7732-18-5), perfluoroalkylacrylate emulsion, and 2-methoxyethanol (109-86-4). Avoid contact with eyes. Do not expose to excessive heat as this may generate toxic vapors. This product contains chemicals known to the State of California to cause cancer, birth defects and other reproductive harm.

FIRST AID: In case of eye or skin contact, flush with water for 15 minutes. If swallowed, DO NOT induce vomiting. For severe overexposure, call physician immediately.

DIRECTIONS: Read entire label before using this product.

1. Apply in a well ventilated area.
2. Fabric must be clean and thoroughly dry before treating. Remove dirt and dust by brushing.
3. Spray evenly and thoroughly without runoff. Do not saturate. A second coat may be applied for greater protection after allowing to dry overnight.
4. For best results, allow treated fabric to air dry for 48 hours to fully cure and obtain maximum water repellency.

For additional information, consult SDS for this product.

DISPOSAL: All used and unused product should be disposed of in conformance with local, state and federal regulations. Do NOT dump in sewers, floor drains, on the ground or into any body of water.

KEEP AWAY FROM CHILDREN
