

Power Lube® with PTFE

Part No. R0053

NET WEIGHT 349 lbs. (158 Kg)

DANGER: EXTREMELY FLAMMABLE. HARMFUL OR FATAL IF SWALLOWED.
Read entire label before using.

DANGER: Contents are extremely flammable. Do not use near open flame or other sources of ignition. Avoid continuous breathing of vapor. Avoid contact with skin and eyes. Overexposure to liquid or vapors can cause eye and skin irritation, irritation to upper respiratory tract, central nervous system effects such as headache, dizziness, drowsiness or confusion, and damage to peripheral nervous system. Product may pose an aspiration hazard if swallowed. Deliberate misuse by concentrating and inhaling the contents can be harmful or fatal. Use with adequate ventilation. Open doors and windows or use other means to ensure a fresh air supply during use and while product is drying. Vapors are heavier than air and can accumulate in low areas. If you experience any symptoms listed on this label, increase ventilation or leave the area.

FIRST AID: In case of eye or skin contact, flush with water for at least 15 minutes. If swallowed, DO NOT induce vomiting. Call a poison control center. If too much is breathed, remove to fresh air. For severe overexposure, call a physician immediately.

HANDLING AND SPILL PRECAUTIONS: Keep container closed when not in use. Wash thoroughly after handling. Do not enter where high vapor concentrations are suspected unless air-supplied respirator is used and a trained observer is present and equipped with rescue gear. Do not store above 100 F. Use proper grounding and bonding techniques when transferring material. For spill clean-up, use proper protective equipment. Use absorbent and store in closed containers for proper disposal.
DISPOSAL: All used and unused product should be disposed of in conformance with local, state and federal regulations. Do NOT dump in sewers, floor drains, on the ground or into any body of water.

For additional information, consult the Safety Data Sheet for this product.
