

CHRYSLER MS7176E

Automatic Transmission Fluid

MOPAR ATF+3®

No. SL2342
Net Contents 32 fl. oz. (1 Qt.) 946 mL
CAUTION: READ WARNINGS ON BACK PANEL.

CHRYSLER MS7176E/MOPAR ATF+3® AUTOMATIC TRANSMISSION FLUID

STA-LUBE® Automatic Transmission Fluid is designed for use in automatic transmissions and other applications where Chrysler specification MS7176E is required. May be used in Chrysler vehicles after 5/98. Check your owner's manual to ensure ATF+3® (MS7176E) is the recommended fluid for your vehicle.

Sta-Lube® Automatic Transmission Fluid is formulated to:

- Lubricate gears for long life
- Resist high temperature breakdown
- Provide smooth, quiet shifts
- Resist lacquer and sludge formation

DIRECTIONS: *Read entire label before using this product.*

1. Check the fluid level with the engine warmed up and running at normal idle.
2. If below "FULL" mark, add enough fluid through dipstick opening to raise level to "FULL". Do not fill above "FULL" mark. Overfilling can cause foaming and loss of fluid, which could result in transmission damage.

For additional information, consult the Material Safety Data Sheet for this product. All used and unused contents should be disposed in conformance with federal, state and local regulations. **KEEP AWAY FROM CHILDREN.**
