No. SL2352

Net Contents 32 fl. oz. (1 Qt.) 946 mL

DEXRON®-III/MERCON® AUTOMATIC TRANSMISSION FLUID

STA-LUBE® multi-purpose, high performance automatic transmission fluid is designed for use where Ford-Mercon® (Approval No. M980101) and General Motors-Dexron®-III (Approval No. F-30207) are required. Check your owner's manual to ensure Dexron®-III/ Mercon® is the recommended fluid for your vehicle.

Recommended for use in the following transmissions:

- Ford (manufactured after 1981)
- General Motors
- Most foreign manufacturers

Also recommended for power steering and mobile hydraulic systems requiring:

- Allison C4 Approved (C4-25703197)
- Caterpillar TO-2 Fluid

DIRECTIONS: Read entire label before using this product.

1. Check the fluid level with the engine warmed up and running at normal idle.
2. If below "FULL" mark, add enough fluid through dipstick opening to raise level to "FULL". Do not fill above "FULL" mark. Overfilling can cause foaming and loss of fluid, which could result in transmission damage.

Contains: Paraffinic Oil 64742-65-0. If ingested, DO NOT induce vomiting.

All used and unused contents should be disposed in conformance with federal, state and local regulations.
