SALT TERMINATOR

Biodegradable Formula Non-Toxic • Environment Friendly

SALT TERMINATOR dissolves salt and leaves a protective corrosion-inhibiting coating on any surface exposed to salt water, salt air or road salt. Adds extra years of service to gear and equipment. Safe to use on any surface exposed to salt including fiberglass, steel, aluminum, glass, magnesium, isinglass, wood, chrome, plastics & rubber. No scrubbing required!

DIRECTIONS

To Remove Salt & Protect Surfaces:

Rinse with fresh water. Hold bottle 6 – 12 inches away from surface and spray liberally. Allow to sit for a few minutes. Re-rinsing with fresh water is optional. Do not store product below 40°F to prevent freezing.

To Soak Gear & Equipment:

Mix 4 ounces (118 mL) SALT TERMINATOR spray per quart of fresh water in a pail. Soak fishing gear, dive gear or other equipment and scrub if necessary. Rinse with fresh water.

WARNING: May cause eye irritation. In case of contact, flush eye thoroughly with fresh water. This product contains chemicals known to the State of California to cause cancer. For additional information, consult SDS for this product.

CONTAINS: Water 7732-18-5 and Sodium Nitrite 7632-00-0.

KEEP AWAY FROM CHILDREN.

For additional information,
consult SDS for this product.
