# Letter of Guarantee

---

---

This letter is being provided for the below listed non-food chemical product in accordance with the requirements of the Food Safety Enhancement Program of the Canadian Food Inspection Agency (CFIA). Copies of this letter and additional product information is available on our website: [www.crc-canada.ca](http://www.crc-canada.ca).

**Product Name:** CRC® Food Plant Penetrating Oil

**Product Number:** 73086

**Letter of Guarantee issued by:** CRC Industries, Inc., on behalf of CRC Canada Co.

**Date of Issue:** October 24, 2016

### Product Use:

This product is safe and suitable for use in food establishments as a lubricant with incidental food contact (H1) for use in and around food processing areas. This product may be used on food processing equipment as a protective anti-rust film, as a release agent on gaskets or seals of tank closures, and as a lubricant for machine parts and equipment in locations in which there is a potential exposure of the lubricated part to food. The amount used should be the minimum required to accomplish the desired technical effect on the equipment. If used as an anti-rust film, the compound must be removed from the equipment surface by washing or wiping, as required to leave the surface effectively free of any substance, which could be transferred to food being processed. For product usage instructions, please see the product label.

CRC Canada will provide supporting documentation if requested by CFIA.

Signature:

A handwritten signature in black ink that reads "Michelle Rudnick".
